

PREP TONIC DETOX PROGRAM

Action:

A 10 day mild but comprehensive detoxification program. Specifically formulated to clean the body's liver, lymph, kidney, colon, and digestive systems, provide a mild energy boost, and prepare the body for further nutritional therapy. This great "non-explosive" detoxification is a complete, multi-system cleanse that prepares the body for improved assimilation and response.

Dosage:

One packet three times a day. Usually recommended every six months for good health.

CONTENTS

Each Prep Tonic Detox Pack Contains a 10 day supply of packets (30 packets total).

Each packet contains:

- (1) Kidney Helper capsule
- (1) Liver Detox capsule
- (1) Ultimate Vita/Min tablet
- (1) Flora-Norm probiotic capsule
- (1) Lymph Detox capsule
- (2) Ultimate Fiber One capsule

Details:

Offering you a non-explosive, complete detox program that provides a cleansing of the body's digestive and related systems. It creates a mild energy boost and prepares the body for further nutritional therapy. Total Detox contains vitamins, minerals, enzymes, dietary fiber, acidophilus, and several herbal systemic cleansers and detoxifiers.

The cleansing and mild detox the body goes through prepares the system for a stabilization program, wherein the patient may feel revitalized and respond more effectively to treatment. We recommend that every patient complete a detox program prior to initiating a nutritional program. Total Detox is most effective when done every six to eight months.

Di-Aide Enzymes: a two-stage digestive aid formulated to promote proper digestion in the stomach (stage 1) and the intestines (stage 2), thus cleaning and detoxifying the intestinal tract. This proprietary blend contains pepsin, bile salt, amylase, protease, lipase, bromelain, and papain.

Flora Norm: an acidophilus consisting of over 12 different strains. A probiotic formulated to help restore and maintain normal flora in the intestinal tract. This proprietary blend contains lactobacillus plantarum, lactobacillus rhamnosus, bifidobacterium bifidum, bifidobacterium infatis, bifidobacterium longum, enterococcus faecium, lactobacillus acidophilus, lactobacillus casei, lactobacillus helveticus, lactobacillus salivarius, pediococcus acidilactici, and streptococcus thermophilus, apple pectin, and rice powder.

Ultimate Vita/Min: a powerful iron-free multivitamin/mineral supplement specifically formulated for the needs of today's active lifestyle. It promotes good health and vitality by providing important nutrients that support against free radicals, slow the aging process, and support a cleansing and detoxification of the body.

Ultimate Fiber One: an all-natural fiber that expands to fifty times its original size in the stomach. This fibrous material works to clean the intestinal tract by attaching to cholesterol and triglyceride and flushing them out. This proprietary blend contains galactomannan, glucomannan, and guar gum.

Kidney Helper: designed to support and cleanse the kidney and bladder. It primarily promotes improved circulation, eliminated debris accumulation, and sludge and mucus build-up, thereby improving the efficiency of the kidneys and the function of the bladder. This improved function supports the dissolution of kidney stones and gallstones. This proprietary blend contains horsetail, plantain leaf, hydrangea root, foenugreek seed, and kidney substance.

Lymph Detox: supports the lymphatic system by improved circulation and detoxification.

This proprietary blend contains sassafras root bark, burdock root, dandelion root, foenugreek, and prickly ash bark.

Liver Detox: a liver and gallbladder stimulant that activates, tones, and increases secretions, causing detoxification. This proprietary blend contains barberry root bark, blessed thistle, dandelion root, boldo leaves, black radish seed, wild yam root, Fennel seed, and cloves.

See Individual Product Sheet for more information.
